Una Marie	Egan	I am a breeder who would like to see inspections for fillies to be abolished, improved transparency in decision making, and continued efficiency of passport processing to protect the breeds future.
James	Geoghegan	Hello my name is James Geoghegan based in Tyrellspass, Co. Westmeath. We keep 50 Connemara Ponies here on the farm, we love the Connemara Pony and produce ponies for the performance market. I have to get selected to the council to improve the Connemara Pony for the after markets.

Eamon	Spain	I want to see the books out on time. The inspections fair for everybody and most important the pony to be enjoyed more.
Sharon	Walsh	I am determined and committed to create more opportunities for the younger kids, to show, compete and upskill in a fair and friendly way in specific areas and classes, in an age-related appropriate environment. Where all are welcomed and encouraged. I also wish to raise the breeding profile of the 13.2 and under smaller pony. Creating platforms to show case them and their junior handlers and riders alike, at home and abroad.
