

DNA Comparison

- 1) This form is to be used only for identity-related cases where:
 - I. The pony's microchip cannot be located,
 - II. The microchip number differs from the passport, or
 - III. The owner believes the passport does not match the pony.
- 2) This form must be completed in full by the registered owner or an appointed keeper acting on behalf of the registered owner.
- 3) A Transfer of Ownership must be completed if the pony is not registered in the applicant's name.
- 4) All documentation and correspondence will be issued to the registered owner's address.
- 5) Upon receipt of the completed form and fee, a DNA sampling kit will be issued.
- 6) It is the owner's responsibility to ensure their vet records new markings and secures the samples.
- 7) For confirmation of hand written microchips, DAFM has issued new verification guidelines: <https://cpbs.ie/article/dafm-notification>
- 8) Depending on the pony's SNP status, two sampling bags may be provided.
 - **Both must contain samples and be signed & stamped by the attending veterinarian.**
- 9) If a new microchip is required, an additional fee of €15 applies.
- 10) Please return marking chart & samples to the CPBS office addressed envelope provided.
- 11) The submitted sample will be compared with the DNA profile held by Weatherbys Scientific from initial registration.
- 12) Upon receipt of positive DNA results, we will contact you to discuss updating the passport.
 - **The typical processing timeline is 4-6 weeks.**
- 13) To complete any equine-related service, you must have a valid Equine Premises Number (EPN).
More information on EPN is available here: <https://cpbs.ie/article/equine-premises-number-2>
- 14) Incomplete applications, including those missing the correct fee or lacking a valid Equine Premises Number, will be returned.
